

Mirador Retirement Community Corpus Christi, TX

The Mirador Retirement Community, a very unique retirement and assisted living facility in Corpus Christi, TX, provides a luxurious lifestyle for their residents that feels like an endless vacation. From the facility's community events and meals to their staff and décor, every aspect can be compared to a beautiful coastal resort. Every building and room is stylishly designed and decorated; the entire facility exudes class and a comfortable elegance.

Original rose window used to create this beautiful piece.

When looking for stained glass to display in one of their community rooms, Mirador contacted Stained Glass Inc. They found a rose window design they liked on our website and one of our talented artisans worked to design the beautiful background and border that perfectly fit with the original piece. After the complete design was drawn out, a full color “proof” was sent to Mirador and once the design was approved it was sent to production. The panel was delivered to Corpus Christi in a few short weeks and the piece fit perfectly using the dimensions provided by the client.

“It fits great,” said Eulonda L., the Resident Operations Manager at the retirement community.
