# Casino Stained Glass

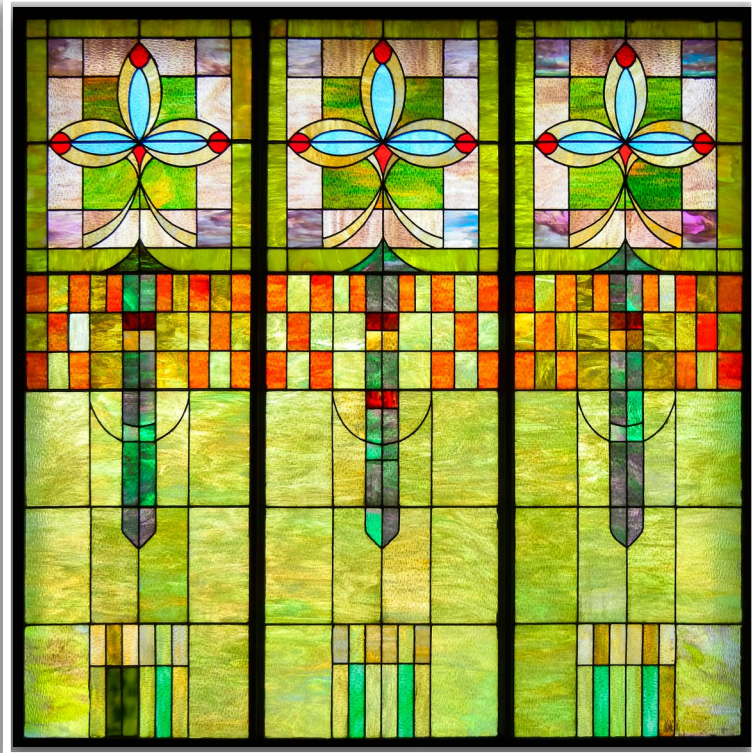

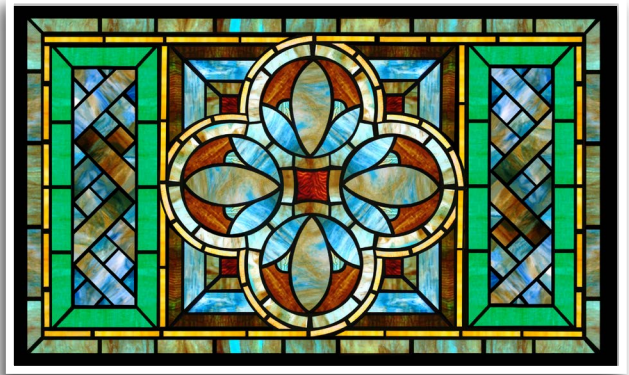

If you are looking to add drama to your high-end casino, consider letting Stained Glass Inc. custom design beautiful stained glass artwork to add to your casino's décor.

Stained glass pieces add luxury and lavishness to any gaming destination. Our talented team of designers and artisans can create unique and glowing stained glass that will impress your casino guests and visitors for years to come.

Many of our clients opt for an immediate and dramatic statement piece such as a bold stained glass door. These doors are completely customized to your exact specifications and taste, and can be fit to any size entry way. Continue to impress guests with a stained glass ceiling dome or stained glass chandelier displayed in the lobby and add matching stained glass accents through the casino. This is a great way to allow some light in without losing the cozy and dramatic feeling of your casino.

You may also choose to showcase specific areas throughout by adding custom stained glass counter fronts. The rich and intricate detail of our fine stained glass works of art can be tailored to match the grandeur and opulence of your casino.

If your casino includes a restaurant, bar or other dining area, use Stained Glass Inc.'s partitions to separate booths, or have our designers create custom stained glass signs to guide guests toward the areas. We can even create a custom stained glass bar front. With Stained Glass Inc., the possibilities are truly endless.

# Casino Applications

- Grand entrances and doors
- Stained glass ceilings and domes
- Lobby counters
