## Celtic Stained Glass

If symbolic subjects are represented in Celtic stained glass reproductions, they are usually distorted and simplified. ## Art Deco Stained Glass

Art Deco stained glass is an eclectic artistic and design style that began in Paris in the 1920s. At its best, art deco stained glass designs represent elegance, glamour, functionality, and modernity. Art deco stained glass is characterized by geometrical shapes, stylized natural forms, and symmetrical utilitarian designs adapted to mass production. Our stained glass artists at Stained Glass Inc. beautifully craft all of the art deco stained glass featured in our stained glass gallery.

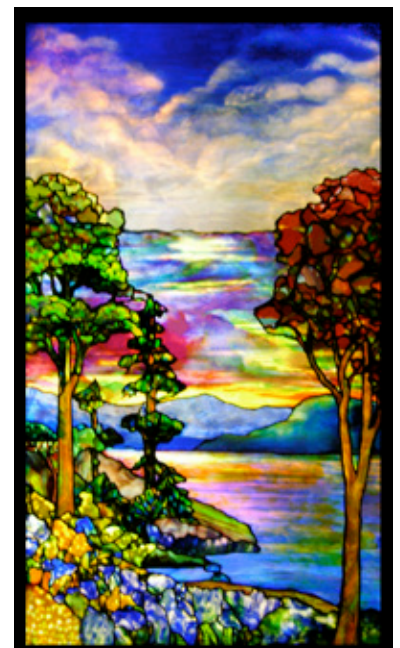

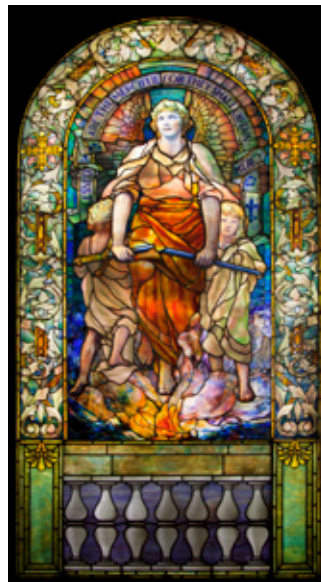

## Contemporary Stained Glass Windows

Contemporary stained glass designs of the twentieth century are best categorized by a lack of any distinct style. The abstract and contemporary stained glass windows in this collection offer a symphony of color and emotion. View the gallery of contemporary stained glass and let our stained glass artists create the ideal contemporary stained glass window for you.

## Tiffany Stained Glass Windows

Tiffany stained glass is a very popular style. Louis Comfort Tiffany created this style in the late 19<sup>th</sup> and early 20<sup>th</sup> centuries. The collection holds both religious and non-religious pieces that would all make a beautiful addition to your home. We offer several Tiffany style stained glass window options in our stained glass gallery.
